

Kwantlen Faculty Association

KFA Presents: Instructional Skills Workshops

By the Professional & Scholarly Development Committee

This is an invitation to attend the upcoming Instructional Skills workshops being held on:

Upcoming ISW Schedule

October 16th, 23rd, 30th and
November 6th (Fridays)
Time: 8:30am - 4:30pm
Campus: Cloverdale
Room: TBA

The Instructional Skills workshop (ISW) is a 24 hour course for faculty who are interested in developing or improving upon their teaching and learning processes.

This intensive four-day session can accommodate a maximum of six participants and is facilitated by an experienced ISW Facilitator, who is also a KFA member.

Participants review ideas about teaching, check current practices and, within a safe and supportive environment, deliver three short lessons.

Find new ways to reach your learners, and receive peer feedback that will assist with your instructional development. In addition, you will also benefited from the supportive relationships that can grow between participants.

We look forward to sharing this enriching workshop with you.

Overall Purposes of the course:

- (1) To work in a collegial, peer-based instructional process on methods of teaching actively, experientially, interactively, and in a participatory manner.
- (2) To foster a safe educational laboratory environment in which instructors have the opportunity to conduct individual experiments on their teaching practices.
- (3) To give instructors the opportunity to develop a strong campus-based support system so they can continue to get peer feedback on their teaching over time.

This course is the equivalent of ID3220 of the BC Provincial Instructor Diploma Program and your Letter of Completion will be accepted for credit for that course in the program.
